Manage your orders seamlessly on our intuitive dashboard

CONNECT YOUR SALES CHANNEL

The Quiup dashboard interface is displayed across three main sections:

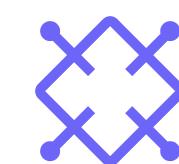

- Inventory:** Shows a grid of products with columns for SKU, Inbound, Processing, and Available. A search bar at the top allows filtering by item, SKU, or barcode.
- Orders:** A detailed table view of order history. Columns include Date, Order, Tracking ID, Carrier, Country, Customer, COD, Est. Delivery, Status, and Actions. The table lists numerous orders from April 23, 2021, with various tracking details and delivery status.
- Delivery:** Instructions for creating and managing orders. It includes a title "Grow your business with fast, reliable delivery", a sub-instruction "Create your first order in 3 simple steps", and three numbered steps:
 1. Create order (Icon: document with plus)
 2. Print label (Icon: clipboard with pen)
 3. Mark order in Ready for Collection (Icon: laptop with checkmark)A "Create single order" button is located at the bottom right of this section.
